EDUCATION

The Hong Kong University of Science and Technology Sep 2025 - Present

Bachelor of Science in Mathematics

Computer Science Track

CGA: 3.00/4.30 (end of Year 1, 2025/26)

Expected graduation: Summer 2029

LANGUAGES AND SKILLS

Languages Cantonese (Native), Mandarin (Native), English (Proficient)

Programming Python, C++

Tools Microsoft Office, Paint

AI prototyping Vibe coding with Codex and a DeepSeek-based coding harness

TEACHING EXPERIENCE

ShiTe College (Tutorial Centre) Sep 2025 - May 2026

Part-time Tutor

- Tutored HKDSE Mathematics Extended Part Module 2 (M2) and Information and Communication Technology (ICT).

Kau Yan College Mar 2026 - Jun 2026

Part-time M2 Tutor

- Tutored HKDSE Mathematics Extended Part Module 2 (M2) at my former secondary school.

SELECTED PROJECTS

Physics Adventure

2024; resumed 2026

Point-and-click puzzle game | *Python, Pygame*

- Independently programmed a playable prototype in 2024 with a complete basic game flow and mouse-driven interactions.
- Designed the storyline and puzzle flow, with clickable choices and scene objects leading to success or failure outcomes.
- Resumed development using Codex and a DeepSeek-based coding harness to generate code and implement features. Directed interaction improvements and tested gameplay.

Personal Bookmark Manager

2026

Live website | Source code

- Used AI tools to generate the code; defined requirements, refined features through prompts, tested functionality and published the site on GitHub Pages.
- Features include categorized bookmarks, search, link management, undo and JSON backup.

Personal Daily Planner

2026

Live website | Source code

- Used AI-generated code to create a personal planner, specifying features, checking outputs and publishing the site on GitHub Pages.
- Supports daily habits, monthly tasks, completion history, task ordering, statistics and data import/export.

AWARDS AND ACHIEVEMENTS

14th Lanqiao Cup

May 2023

Youth Division | *Python Advanced Creative Programming*

- Third Prize, National Finals - 28 May 2023.
- First Prize, Guangdong Provincial Competition - 14 May 2023.
